

Pinot's Palette Opens in Frisco, Texas

Junwei Sun hosted Grand Opening on October 16, 2015

FRISCO, Texas (November 16, 2015) – Junwei Sun brought the paint-and-sip phenomenon to Frisco with his Pinot's Palette studio. The studio is located at 3231 Preston Road #10, Frisco, TX 75034.

The newest upscale entertainment destination to “paint, drink and have fun” hosted a Grand Opening ceremony on October 16, 2015. In attendance was the Frisco Chamber of Commerce. They participated in a ribbon cutting ceremony in honor of the opening.

Prior to opening his Pinot's Palette studio, Junwei was an officer in the United States Marines Corps. He served 13 years on active duty, but he always had thoughts of owning his own business.

“Once I was done with my active duty, I began to do some research on franchises. One of my Marine friends and his wife owned a Pinot's Palette in California, and told me all about their experiences with the studio. I became interested and the rest is history,” Junwei said.

Pinot's Palette Frisco provides all art supplies needed for each painting class. Guests can register online now to attend two-hour classes or three-hour classes. A featured painting, guided by a local artist, is recreated step-by-step. No art experience is required, but participants must be 21 or older.

Private parties, fundraisers and company team-building events are also offered in a spacious main room or the entire studio. Pinot's Palette Frisco is perfect for bachelorette parties, girls' night out, birthdays, church groups, and so much more. Guests can even request an one-of-a-kind artwork for the evening. More information is available at <http://www.pinotpalette.com/Frisco>.
